

Safe Working

Check-in location

During setup, show, and breakdown, everyone working on site must be accredited.

Registration loadin- and Out

Enter the names of your crew members in advance in the system provided by the organization.

All crew members must carry a valid ID and present it when collecting their accreditation. Please note that this must be a physical ID. A photo on your phone is not sufficient. This is important.

Foreign Nationals Employment Act

Employees with a nationality within the EU, EEA, or Switzerland are allowed to work freely in the Netherlands and do not require a work permit. Showing a valid ID is sufficient.

Employees with a nationality outside the EU, EEA, or Switzerland must be able to prove that they are allowed to work in the Netherlands. This can be demonstrated by:

- A valid residence permit stating that employment is permitted.
- A work permit or a combined permit.

Please note that as a company, you are responsible for delivering the correct documentation regarding the Foreign Nationals Employment Act. If required, this documentation must be shared with the organization at all times. For more information about this act, please refer to the website of the labor inspectorate.
